

CUBAN TROOPS. FOR PORTO RICO. IN GOOD SPIRITS.

Adm. Sampson and Gen. Shafter and Staff Visit Gen. Garcia's Headquarters.

GUARD OF HONOR FOR THE VISITORS.

Cubans Shower Upon the Americans the Blessings of Cuban Libre For Their Assistance.

Great Shouts Arose From the Half-Fed, Half-Clothed Cuban Veterans Who Have Spent Three Years in Fighting for Liberty.

OFF SANTIAGO DE CUBA, June 20, via Kingston, Jamaica, June 22.—Gen. Calixto Garcia and other Cuban officers gave Gen. Shafter and Adm. Sampson a hearty welcome at Acerra Monday afternoon, when the American officers on board the steamer Segurana went to his headquarters for a consultation.

The Cubans showered upon their distinguished visitors all the blessings of Cuba Libre for the assistance of the United States in the Cuban struggle for freedom and they expressed the conviction that victory was at hand and that the power of Spain would soon be driven from the island by the combined strength of American and Cuban arms.

When the first curl of smoke appeared on the distant horizon at noon and announced the coming of the long-expected soldiers, Gen. Garcia himself, with the officers of his staff around him, stood on the hillside overlooking the sea and gave forth expressions of joy as he watched the approach of the vessels.

The welcome news soon spread among his half-fed, half-clothed troops and great shouts arose from the dark-skinned veterans who have spent three years in fighting the war of liberty. They watched the Segurana accompanied by the auxiliary gunboat Gloucester, draw away from the other vessels and make her course to the flagship. After she had taken Adm. Sampson aboard they saw her heading for shore near their mountain camp. The Cubans sent a guard of honor to the beach to receive the Segurana. As soon as she came to anchor in the cove, Gen. Shafter and his staff, including Gen. Ludlow, chief of engineers, and Adm. Sampson, accompanied by a guard of soldiers, went ashore in small boats. They were received by the Cubans with all military honors, and horses were placed at the disposal of Gen. Shafter and Adm. Sampson to ride up the steep trail to Gen. Garcia's headquarters.

The Cuban commander's tent is a rude hut, covered with leaves and containing only a meager camp outfit. Here, after words of greeting had been spoken, the consultation was held. It lasted several hours. Gen. Garcia explained the plans fully; told how he had the Spanish general, Pando, copped up in Manzanillo, without the possibility of his being able to cooperate with the Spanish troops in Santiago, and laid before the American officers maps showing all the mountain trails leading to Santiago from the most convenient landing places east and west of the harbor entrance.

Gen. Ludlow in particular made a close investigation of this subject and sought all the information available with regard to the most feasible plans of transporting a large body of troops overland.

Germany's Offer to Spain.
MADRID, June 22.—Kaiser's envoy has visited Premier Sagasta. In the name of Germany he proposed to give Spain 500,000,000 marks if Germany is allowed to establish a 20 years' protectorate over the Philippines. The Spanish premier has not given an answer yet. There is a rumor that France and Germany may combine forces.

Col. Bryan's Regiment.

OMAHA, Neb., June 22.—Col. W. J. Bryan has taken up his headquarters at old Fort Omaha and is now putting in his time studying army tactics. Lieut. Col. Victor Viquinal, a veteran of the rebellion, is with Col. Bryan. So far only one company of the Third Nebraska has reported but the regiment will be in camp inside of ten days.

Justice Fuller's Daughter Divorced.

CHICAGO, June 22.—Mrs. Mary Manning, daughter of Chief Justice Fuller, of the supreme court of the United States, was granted a divorce Tuesday.

A Preliminary Step in the Work of Dispatching an Expedition to the Island.

SHIPPING RATIONS TO MIAMI, FLA.

Command Under Brig. Gen. Schwan, at Mobile, Ala., Ordered to the Same Place.

Twenty-Five British Ships Have Been Offered to the War Department by Their Owners or Agents for Transport Purposes—Will Be Inspected.

WASHINGTON, June 22.—Twenty-five British bottoms have been offered to the war department by their owners and agents for transport purposes. All of these, however, are not yet in United States ports, but their arrivals have been anticipated with a view to their examination as soon as they reach here. The officers of the quartermaster's branch are inspecting the ships as fast as practicable and the reports which already have reached the war department indicate that some of the vessels will not be suitable for transport purposes. The general situation regarding the transport question is far from satisfactory to the department, as there is a great desire to obtain additional vessels at once. Still, the officials are hesitating about taking steps to impress ships and re-assess the statements heretofore made that their preference is either to buy vessels outright or as an alternative to grant American registers to foreign built vessels. The officials are unable to say whether any of the transports sent with Gen. Shafter's expedition to Santiago will be available for the expedition to Porto Rico, yet if practicable this surely will be done. In this event they will be utilized either to ship troops directly from United States ports or to carry such as may be spared from Gen. Shafter's command after Santiago has been reduced. The latter probability however the officials believe it is too early to discuss.

The ordering of Brig. Gen. Schwan's command at Mobile to Miami, Fla., is a preliminary step in the work of dispatching the expedition to Porto Rico. All the surplus rations at Mobile which amount almost to a million, will be shipped to Miami. The fact that large amounts of subsistence stores are gathered at Jacksonville and improvements for camp purposes are being pushed at Fernandina indicate the probability of sending additional troops to the former place and some commands to the latter.

The statements coming from Chickamauga that Gens. Brooke, Wade and others stationed there have recommended to the war department that no troops be removed from that place until the date for the departure of an invading expedition has been fixed, is received with considerable satisfaction by some of the officials of the department. They see many advantages to be derived from such a course and feel that especially if any of the commands are lacking in equipments they ought to be supplied at their mobilizing point before being rushed to the embarking port to go aboard the ships. It could not be learned Tuesday whether any action had been taken on the recommendations of the generals or whether their suggestions would be adopted.

The troops that go to Santiago on the Yale and Harvard will take but ten days' rations with them. The commissary general believes that this supply is more than adequate, as the trip is comparatively a short one, which ought to be made by either of the vessels in four days at the outside. Maj. Gen. Butler was at the war department Tuesday calling on Secretary Alger. It was reported that the general might accompany the reinforcements that go to Gen. Shafter, but the officials declined to say whether such was the case.

Evidence of a Crime.
BUFFALO, N. Y., June 22.—A trunk containing the dismembered body of a man afterwards identified as that of Philip Foremano, was found floating in the Blackwell canal Tuesday. The man's head had been cut off, both legs severed at the knees and both arms and hands were terribly mangled. In his breast were a number of stab wounds. Inside the trunk there was found a small caliber revolver with every chamber loaded. There was also a carpenter's saw, which had evidently been used to cut the bones. The body had been in the water several days.

Killed His Brother-in-Law.

ST. LOUIS, June 22.—Samuel L. Lindsey, a book-keeper, was shot and killed Tuesday evening by his brother-in-law, Herbert G. Everingham. The latter's little daughter Tuesday confessed to her mother that Lindsey had assaulted her and the father took summary vengeance.

Tragedy at Parkersburg.

PARKERSBURG, W. Va., June 22.—At noon Tuesday, Ira Harris, colored, shot and killed Jim Thomas, colored. They had trouble the night before over a woman. Monday night Harris also attempted to kill Harry Thomas, a brother.

Gen. Shafter's Invading Army Arrived Off Santiago de Cuba On Monday at Noon.

FEW CASES OF MEASLES AND TYPHOID

The Transports, With Troops Aboard, Are Anchored About Twenty Miles Off Santiago.

Cable Communication Re-Established Between Washington and Guantanamo—One End on One of Our War Ships—Gen. Greely Gets the Honor.

OFF SANTIAGO, June 20, via Kingston, Jamaica, June 22.—The United States fleet of transports and convoy ships, comprising 36 vessels, all told, arrived off Adm. Sampson's fleet, 10 miles off Santiago, at 12 o'clock Monday afternoon.

The army is now ready to land and take Santiago, the navy attacking the sea side of the city at the same time. The question of a landing place is being discussed at the present moment by Gen. Shafter and Adm. Sampson. It will be 10 miles above or 10 below Santiago, or possibly at Guantanamo. The distance from Guantanamo to Santiago by road is 40 miles.

The arrival of the transport fleet was seen by the Spanish from Morro castle.

A salute to the army was fired by the flagship New York.

The voyage from Tampa was uneventful. A few cases of measles and one of typhoid were reported. The soldiers were in high spirits and eager to get ashore.

The American army of invasion under Gen. Shafter numbers 15,337 officers and men, including 19 infantry equipments, two siege batteries, two companies of engineers, a detachment of the signal corps and 40 troops of cavalry, dismounted.

WASHINGTON, June 22.—Gen. Greely, chief of the signal service, states that cable communication has been re-established with Guantanamo, the Cuban end of the cable being worked from one of the vessels in the harbor. He confirms the report that Gen. Shafter's troops arrived off Santiago Monday.

Capt. James Allen, of the staff of Maj. Gen. Miles, who was recently stationed at Key West as censor, has been appointed to take charge of the censorship at Guantanamo. The Guantanamo cable is regarded as of the greatest importance to the government, and the cable station and telegraph line will be carefully guarded.

WASHINGTON, June 22.—There was important news at the war department when Secretary Alger reached his office Tuesday. The transports with 15,000 troops he was informed had arrived safely off Santiago, and that direct cable communication had been established between the United States and Guantanamo, where the United States marines now hold possession of Cuban soil. Thus not only is Capt. Gen. Blanco cut off from any communication with the outside world save through the Key West cables within our control, but the authorities in Washington have been placed in close connection with our forces, army and navy, which are conducting the invasion of Cuba.

To Gen. Greely and his signal corps belongs the honor of achieving this last feat.

FIFTY DROWNED.

Appalling Accident During the Launching of the New British First-Class Battle Ship Albion in England.

LONDON, June 22.—During the launching of the new British first-class battle ship Albion, of 12,950 tons, at Blackwell Tuesday by the duchess of York, a ceremony at which the United States ambassador, Col. John Hay and Mrs. Hay and Lieut. Colwell, the United States naval attaché, assisted, the displacement of water caused an immense mass of water to rise on all sides, completely submerging one of the lower stages of the yard and immersing hundreds of people. Ten bodies have thus far been recovered, and it is estimated that 50 persons were drowned.

As this dispatch is sent, the bodies of 27 men, women and children have been recovered from the scene of the Blackwell disaster.

The Albion is a first-class steel battle ship of 12,950 tons, 390 feet long, 74 feet broad, and drawing 25 feet 5 inches of water. She is to have 13,500 indicated horse-power, has two propellers, and cost about \$4,000,000. The new battle ship has eight inches of Harveyized steel on her sides, six inches on her bulkheads and from twelve to five inches on her gun positions. Her armored deck is from two to three inches in thickness, her estimated speed nearly nineteen knots; she is to carry 1,550 tons of coal, her crew is to number 700 men and her armament is to consist of four 12-inch guns, 12 six-inch quick-firing guns and 18 smaller quick-firing guns, with five torpedo tubes.

REQUEST REFUSED.

Secretary Gage Says the Adhesive Stamp Section of War Revenue Bill Will Not Be Ready July 1—Asks for Time.

WASHINGTON, June 22.—Secretary Gage has written a letter to the house ways and means committee and the senate financial committee, stating that it is absolutely impossible to put the adhesive stamp sections of the war revenue measure into operation on July 1, and asking that the time be extended until July 15, and that the commission be increased from one to three per cent. in order to increase popular interest in the distribution of the stamps.

The senate committee on finance will not recommend any changes of any kind in the war revenue bill, notwithstanding the treasury department's desire for a delay in beginning operation of the bill.

Defrauding Their Employers.

PITTSBURGH, Pa., June 22.—By clever detective work, what is said to be an organized band among conductors to defraud the Consolidated Traction Co., was unearthed Tuesday. A large number of conductors are supposed to be implicated in the conspiracy and numerous arrests are expected Wednesday.

Brigands Abduct a Princess.

LONDON, June 22.—A band of 40 brigands, according to a special dispatch from Constantinople, has abducted a sister of the sultan. The princess was seized while she was out walking at Kiziltoprak, a few miles from Constantinople, where she resided.

Sharpshooters Landed.

ACERRADORA, Cuba, June 22.—Three hundred sharpshooters of Gen. Shafter's forces were landed Monday night eight miles west of Santiago to cooperate with the Cubans, also machine guns and mountain artillery to clear the hills.

At Mare Island navy yard, Cal., the work on the cruiser Philadelphia is nearly completed. The ship's main battery of six-inch rifles have been swung aboard and set in position. The ship has been painted in war color. She will be taken out of the dock the first of next week.

Gen. Greely received from Lieut. Col. Allen Tuesday afternoon a dispatch stating that the first American military station in Cuba, Camp McCalla, Guantanamo bay, had been brought into electrical communication with the rest of the world by the establishment of a telegraph office, which opened at 5 o'clock.

United States Marshal Horr, of Key West, received instructions from Attorney General Griggs to hold all persons captured on Spanish prize ships until further orders. The message created much surprise among officials here as all but military prisoners had been recently paroled and were to have sailed for Spain this week.

WINE OF CARDUI.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROSENA LEWIS

of Greenville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."
